

INTERBLOCK STADIUM

**THE INNOVATIVE
DIFFERENCE**

interblock
LUXURY GAMING DESIGNED FOR THE FUTURE

Interblock Stadiums are **large-scale products** with **two main groups of players** in mind. The core gamblers who like the security and comfort of their own gaming terminal. The new players that want to experience the fun of live tables while learning the game at their own pace. **The basic concept is simple.** The dealer conducts the game on the **Dealer Assist** and **Live Tables**. The players then place bets through their ETG terminals, where they can also follow the game.

Stadiums come with all the key features, functionality, and side bets of the Interblock Diamond line. There are many configuration options of Automated, Video, Dealer Assist generators and/or Live Table platforms available. Every Stadium setup can be tailor-made just for your floorplan.

KEY FEATURES

- Flexible platform with configurable options to suit any floor.
