RESORTS

Newport World Resorts comes out with a new membership rewards program that is more powerful than ever. Epic Rewards has reinvented the way patrons enjoy Newport World Resorts' impressive collection of international hotel brands, world-class entertainment venues, endless dining options, expansive casino complex, and huge array of partners.

The true power of Epic Rewards lies in its elevated experiences, partnerships, incentives, and choices.

## NEWPORT WORLD RESORTS' EPIC CARDS

Epic Rewards features six membership tiers: Crystal, Gold, Rose Gold, Platinum, Titanium, and Diamond. The cards come with additional perks at each tier, effectively getting more powerful at each level.

Members reap exclusive benefits for both lifestyle and gaming perks. From daily dining offers to Newport World Resorts' signature restaurants, with some recognized among the country's best by the Tatler Dining Guide 2023, to access exclusive deals from international hotel brands, world-class concerts and shows, and event venues. Gaming patrons make the most with invitations to special events and tournaments, access to premium gaming areas, birthday rewards, among others.

Epic Rewards unleashes the thrills of earning and redeeming 'Epic Points' to unlock epic perks from the exclusive membership. While racking up Epic Points, patrons simultaneously gain Status Points that dictate a member's tier. The more Status Points earned, their faster membership upgrade.

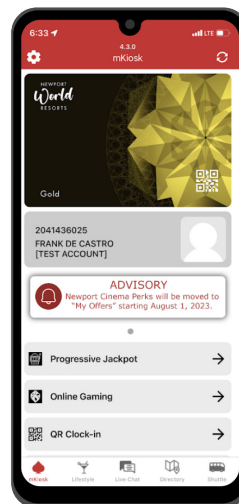

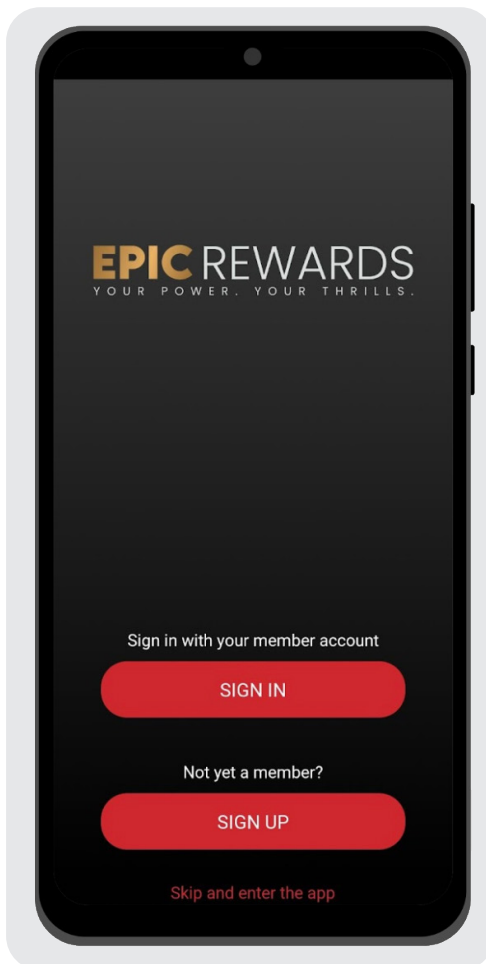

The all-new program boasts of the highest point earnings put into Newport World Resorts' rewards program ever. This makes it one of the highest among other existing rewards programs in the country.

## EPIC REWARDS MADE EVEN MORE EPIC

With over 830,000 patrons that earn and redeem Epic Points on the regular, the rewards program is destined to grow evermore.

Among the latest upgrades in the Epic rewards program is the way members earn points beyond gaming. Earning both Epic Points and Status Points are now possible when patrons dine at Newport World Resorts' signature outlets via cash or credit card.

The revamping of Newport World Resorts' app into the Epic Rewards Mobile App boasts a fresh user interface with a better functionality. Right at the palm of their hands, users have the power to claim gift vouchers through QR codes, check and redeem Epic Points, and verify member information directly from the app, making the online Epic Rewards experience quick and hassle-free.

## AN EPIC EXPERIENCE FROM NEWPORT WORLD RESORTS AND BEYOND

From major airlines, lifestyle brands, and luxury hotels, the power of Epic Rewards extends far and wide, giving access to unmatched experiences that the world can offer.

Epic Rewards is bridging various loyalty programs with its own rewards, such as the seamless conversion of the Philippine Airlines (PAL) Mabuhay Miles to Epic Points and vice versa, allowing almost five million PAL users to fly high into the world of Epic Rewards.

Expanding its reach into the more deluxe properties, Epic Rewards brings its unmatched perks and benefits to the patrons of Winford Resort and Casino Manila.

Truly, the power of Epic Rewards knows no bounds. The future holds even more promise, with more possibilities for bigger partnerships, game-changing deals, and elevated experiences that will take Epic Rewards to the next level.
