

Best Industry Supplier

Despite the challenges of COVID, Aristocrat Gaming has had a phenomenal year in Asia in 2022/2023 building strong momentum, locally:

1. **Product performance and market-attuned offerings:** We have strong-performing standalone and link progressive games (e.g. Tian Ci Jin Lu, Dragon Link, and 5 Dragons Pearl)
2. **Investment in Asia:** We have significantly grown our presence in the Philippines – we have doubled our locally based staff to support our valued customers.
3. **First showroom in the Philippines:** We are the first manufacturer to open a showroom in the Philippines, so that operators can experience our games first-hand rather than travelling overseas or waiting for a tradeshow. Additionally, we launched one of our best-performing global links: Dragon Link® in the Philippines.
4. **Aristocrat Assist customer support initiative:** We have supported our Macau-based customers and will do so again as they move out of the COVID phase – with our Aristocrat Assist initiative.
5. **Innovative product solutions:** We are the only manufacturer to have launched a slim cabinet – our MarsX Slim – solving a significant problem for our Singapore customers. This solution has enabled them to reduce costs, maximise space, delivering more gaming to players.

Game performance:

Tian Ci Jin Lu

- First launched in Philippines in July, now with over 700 installations across Manila, Makati, Clark, Subic, Davao, Laguna, Bacolod, Singapore, Cambodia and Macau.
- It has been a top 3 single denomination performer everywhere it has launched despite going up against well-established titles in the region.
- Hann Casino & Resort reported a 33% increase in average daily turnover since installing the metamorphic signage.

5 Dragons Pearl

- Most successful 5 Dragons game ever released. Its success can be seen in Philippines, Macau, Singapore, Malaysia, Cambodia and Vietnam.
- It is a top three standalone performer in our gaming venues.

Dragon Link

- #1 Aristocrat record performer across Mass and VIP in Manila, Clark, Singapore and Cambodia, and has topped game performance records in our customer sites
- Installed in all IRs in Manila, Singapore and Cambodia and 7 major clubs across the Philippines
- On-track with 1500 units installations in Asia, in one year from launch
